Comments.

(1) According to a report [redacted] the unit of Major 25X1

Popov (fnu) which previously was carried as the 18th (?) Engr Bn of the 1st Lecz Div had left the Olympisches Dorf in early August 1952. It was believed that the unit had gone to the Semliner See north of Rathenow.

The advance detail of the unit which is to be quartered in the quarters of the 11th Gds AT Arty Brig (?) [redacted] 25X1

25X1

[redacted] probably belongs to the 2d Light Arty Brig in Oranienburg. This observation checks with previous assumptions concerning the exchange of the two brigades.

25X1

(2) [redacted] The tank unit possibly went to 25X1

Neustrelitz where tank units of this division had already practiced from 14 to 18 August [redacted] 25X1

(3) Headquarters conferences have repeatedly been held at the headquarters of the IV Arty Corps at the Ziethen Kaserne since the beginning of the summer training period. The last conference was reportedly held on 3 August 1952. The motor vehicles of the attending officers belong to the IV Arty Corps and some to the 6th Arty Div (US) in Brandenburg and the 34th Arty Div (US).

(4) A repair shop unit of the 57th Gds Mtz Rifle Div was probably transported to Kindel.
